Slovenia	Personal Identification Number (EMSO: Enotna Maticna Številka Občana)	No NCI	
Slovakia	Personal Number (Rodné číslo)	National Passport Number	No NCI
All other countries	National Passport Number	No NCI	

MiFID II FAQs

What does it mean for customers?

The following questions might help:

What is MiFID II?

MiFID II stands for 'The Markets in Financial Instruments Directive 2', which is new legislation that comes into force on 3 January 2018. MiFID II is coming in to effect to increase investor protection and increase how transparent financial markets are. This new legislation will also create consistency across Europe.

What does this mean for me?

Under the new MiFID II legislation, organisations are required to confirm their customer's nationality and national client identifier (NCI) by 3 January 2018. This is to enable firms to accurately report deals completed to their local regulator which for us is the Financial Conduct Authority.

What do I do if I act on behalf of someone else?

If you act on behalf of another customer, such as a Power of Attorney/ third party mandate, or a registered contact for minors, we will need to collect your NCI as the decision maker on the account, as well as the underlying account owner.

Why will I need to confirm this information?

This information is required to ensure the FCA can monitor dealing patterns and identify any market abuse. Using the NCI will ensure this reporting is consistent across all investing platforms and stockbrokers. Therefore where this data is outstanding, customers will need to provide their NCI, prior to 3 January 2018, to be able to continue dealing in their account as normal. If customers do not provide this information where necessary, it will prevent trading or delay any investments until this information is in place.

Please note: that this is an activity that will be commencing across the industry with all stockbrokers and investment platforms to comply with this new legislation and therefore, customers may find they are required to complete this with multiple brokers, where applicable.
