EPiServer Specialist

CONTRACT TYPE: Permanent & Full Time

REPORTING TO: Head of IT Transformation Projects

DIRECT REPORTS: 0

WHAT WE DO:

The Share Centre is an ambitious, fast paced and growing Company based in Aylesbury, Buckinghamshire. We pride ourselves on delivering top-quality customer service, for which we are multiple award winners. Our aim is to make investing simply easier. Founded in 1990, we enable the individual investor to buy and sell shares and stock market investments online.

We're committed to finding the best people to help us build our business, rewarding our employees with excellent benefits and proven career development opportunities.

In 2018 we were proud to be accredited a Silver Investors in People award, identifying us as a great employer, an outperforming place to work and for having a clear commitment to sustainability.

WHAT YOU'LL BE DOING:

We are re-building our website from the ground up and are committed to using EPiServer as our Content Management System. We are using the DXC hosting service in Azure, together with our own Azure environments for test environments, Redis cache, SQL Server, API etc., together with a VPN connected to our on-remise servers.

We are looking for an experienced EPiServer specialist who can join our team and can oversee the use and operation of EPiServer. As an EPiServer Specialist your key responsibilities will be to:

- Take accountability for deployments to the various test environments

- Work with EPiServer to ensure smooth deployments to DXC

- Implement monitoring solutions and provide diagnostics when needed

- Diagnose any performance issues, and make recommendations for improvements

- Undertake the more complex developments and provide advice and guidance to the other developers.

- Provide advice and guidance to the CMS users in the use of EPiServer features (e.g. A/B testing, personalisation).

WHO WE'RE LOOKING FOR:

We're looking for energetic, enthusiastic and motivated individuals who are passionate about providing excellent customer service in a lively and fast paced workplace.

You'll have extensive, proven experience in developing in EPiServer running in a cloud hosted environment. Knowledge of BitBucket, Team City and Octopus Deploy will be a bonus.

You will be able to demonstrate strong self-motivation, problem solving skills, creativity and initiative, together with well-developed written and verbal communication skills.

A willingness to be a team player as well as take the lead at times will be required.

As an EPiServer Specialist you'll have the passion to do the right thing for the customer and a willingness to go the extra mile.

OUR BENEFITS & PERKS:

We offer a starting salary of £65,000 to £75,000 per annum, plus the following Company benefits:
