

## FRONT END DEVELOPER

**CONTRACT TYPE:** Permanent and full time  
**REPORTING TO:** Development Team Leader  
**DIRECT REPORTS:** 0

### WHAT WE DO:

The Share Centre is an ambitious, fast paced and growing company based in Aylesbury, Buckinghamshire. We pride ourselves on delivering top-quality customer service, for which are multiple award winners. Our aim is to make investing simply easier. We're committed to finding the best people to help us build our business, rewarding our employees with excellent benefits and proven career development opportunities. In 2018 we were proud to be accredited a Silver Investors in People award, identifying us as a great employer, an outperforming place to work and for having a clear commitment to sustainability.

### WHAT YOU'LL BE DOING:

As a Front End Developer you'll provide expertise in developing, enhancing and maintaining the websites used by the company, with a focus on the front-end development.

You'll work with the Development Team Leader to provide estimates and agree priorities and timescales.

You'll provide support to the Business Systems analysts in the production of requirement specifications and build systems to meet the business requirements, ensuring a high degree of maintainability.

You'll provide updates on progress and develop detailed test plans, ensuring rigorous testing is undertaken.

You'll provide support for projects during installation and post implementation as well as ongoing maintenance of completed code as required.

### WHO WE'RE LOOKING FOR:

We're looking for a Front End Developer to join the IT Transformations team.

You'll need to have a minimum of five years' experience of commercial systems development, alongside unit testing and production of technical documentation.

You'll be confident and efficient with HTML5, CSS, LESS, SCSS, Advanced JS, JQuery, Bootstrap/JS Framework (ideally Knockout), C#, .Net, MVC. You'll also need to have technical knowledge of Agile development methodologies.

Applicants who are also able to demonstrate Back End skills – C#, .Net, Web Services, SQL Server database will be of particular interest.

You'll possess excellent written and verbal communication skills with the ability to prioritise workloads.

You'll also have strong problem solving, decision making and negotiation skills and the ability to be a team player.
